

# HAYWARD®

## SUPER II® ECO

>>> SINGLE SPEED PUMP

### HIGH-PERFORMANCE PUMP SERIES

#### PERFORMANCE OF A LIFETIME

Power your system with the energy efficient Super II ECO pump series from Hayward. These super efficient pumps are built to last and engineered to perform even under the most demanding conditions.

Convenient features include a see-through cover so pool owners know exactly when to empty the extra large debris basket and a housing design that makes it as quiet as it is dependable.

# Super II ECO®

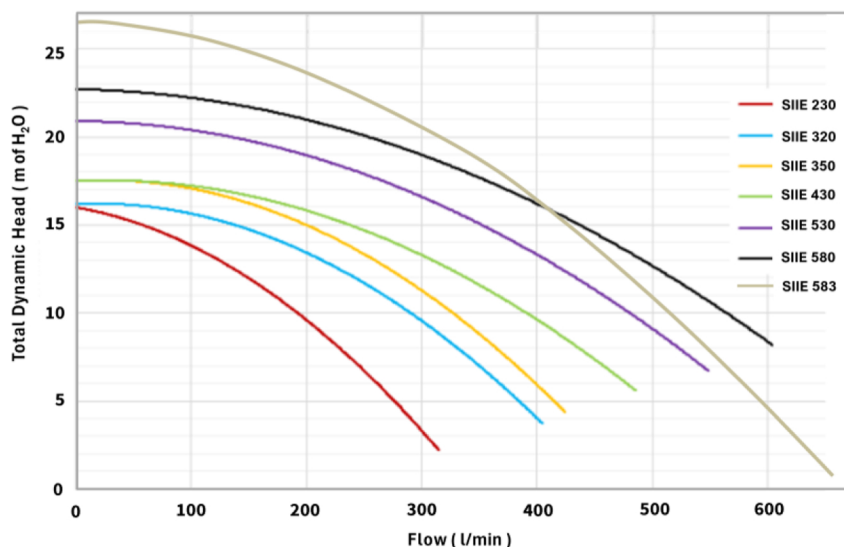

## Single Speed Pump

PERFORMANCE  
OF A LIFETIME.

- **Heavy-duty, high-performance motor** with advanced airflow ventilation for quieter, cooler operation
- **Full flow hydraulics** allow a greater flow at a lower operational cost
- **Simple access** with the motor and entire drive group assembly removable without disturbing pipe or mounting connections
- **Large prefilter basket** with tool-less removal for longer operation between cleanings
- **Self-priming** with suction lift up to 1.8m above water level

### Performance Curves

### Technical Specification

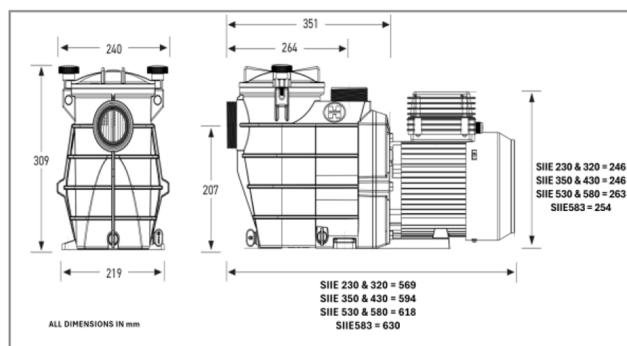

|                      |                                    |
|----------------------|------------------------------------|
| Max. water temp.     | 40°C                               |
| Motor Specification  | 220-240V<br>50Hz 2 Pole<br>Class F |
| Ingress Protection   | IP55                               |
| Connections (mm)     | 40/50                              |
| Rated Noise DB(A)@1M | <70                                |
